IN RE: Application of Telecare, Inc. for a)
Certificate of Public Convenience and) ORDER GRANTING
Necessity to Operate as an Interexchange) EXTENSION
Telecommunications Resale Carrier within) OF TIME
the State of South Carolina.)

This matter comes before the Public Service Commission of South Carolina (the Commission) on the letter of Robert D. Coble, filed on behalf of Telecare, Inc. (Telecare), requesting an extension of time until December 10, 1992, to file its response to the requirement to make refunds as set forth in its certification order.

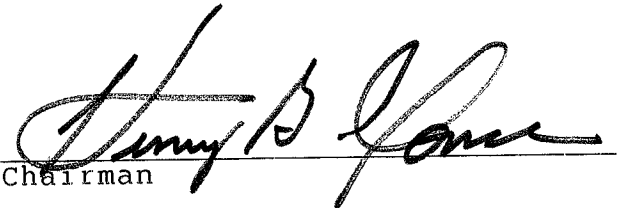

On October 21, 1992, this Commission issued its Order No. 92-891 which granted Telecare certification as a reseller of intrastate interexchange services. As a part of this Order, the Commission required Telecare to file with the Commission all necessary information to certify that refunds had been issued by the Company within thirty (30) days of the date of the Order. The due date for the certification and the issuance of refunds was November 20, 1992. The Company, through its attorney, now requests an extension of time until December 10 to file a certification. The Commission has examined this matter and believes that the relief requested in the letter should be granted.

IT IS THEREFORE ORDERED THAT:

1. Telecare, Inc. shall be granted until December 10, 1992 to file its response to the requirement to make refunds as set forth in its certification order.

2. That this Order shall remain in full force and effect until further Order of the Commission.
